We share a commitment to, and a responsibility for, creating an inclusive and safe school environment for our students.

The programs and teaching at Tecoma Primary School support and promote the principles and practice of Australian democracy, including a commitment to:

- elected government
- the rule of law
- equal rights for all before the law
- freedom of religion
- freedom of speech and association
- the values of openness and tolerance.

This policy outlines our school's mission, vision, objective, values and expectations of our school community. This policy is available on our school website, our staff induction handbook and in our enrolment/transition packs.

VISION

At Tecoma Primary School we strive to create a responsive, cooperative, innovative teaching and learning environment. We aim for development of the whole person as a committed life-long learner, who embraces self-development, achievement and contributes to their community.

MISSION

At Tecoma Primary School our mission is to ensure that your family's association with our school is a rich and rewarding one and that you take away many relationships and happy memories from your time here.

At Tecoma Primary School we have a code of conduct that establishes clear expectations for appropriate behaviour with children. This has been put into place to ensure appropriate behaviours with children are enforced in the school, to help protect children from abuse.

At Tecoma Primary School we have a commitment to zero tolerance of child abuse. Staff at our school have a responsibility to respond to the safety, care and welfare of students, in all school environments and outside of school hours. This is a commitment which is led by our School Council, School Leadership team, all staff and is shared openly and transparently with all members of our school community.

Tecoma Primary School prides itself on providing a caring and stimulating learning environment for all children. Developing the whole child is a major school focus; preparing our students to take their place successfully in further education and adult life; providing each child with the foundations for a confident future.

This is reflected in the vision and values statement which were created in 2007 and updated in 2021.

OBJECTIVE

Tecoma Primary School has the responsibility of providing a secure, supportive and positive teaching and learning environment. We aim for development of the whole person as a committed life-long learner, who embraces self-development, achievement and contributes to their community.

In providing for the physical, social and emotional needs of all students, the school seeks to develop the characteristics of good citizenship.

Here at Tecoma we:-

- Encourage students to develop self-discipline and a sense of self-worth, to respect the rights and feelings of others and to take responsibility for their own actions;
- Ensure that all students feel safe, secure and confident to seek support within the school environment;
- Encourage students to be responsible for their personal appearance and cleanliness, the tidiness of the classroom, corridors and grounds, to care for school equipment and to be punctual in school routines.
- Teach social skills to enable the children to be accepted, resilient, valued, make friends and effectively solve interpersonal problems;
- Provide students, staff and parents with a clearly understood, accessible and consistent student welfare structure, based on the Assertive Discipline Model and Restorative Practices. The major focus of Assertive Discipline is encouraging and rewarding the most appropriate behaviour thereby, encouraging the child to choose this form of behaviour, while inappropriate behaviour is discouraged through the use of consequences set up at the beginning of each year in consultation between students and teachers. At the beginning of the school year the students and teachers work together to establish classroom 'norms of behaviour', which are explicitly taught, practiced, and consistently reinforced. Through this approach firm, fair, clear and concise acceptable behaviours are developed in the classroom; as well as an established set of principles for addressing any unacceptable student behaviour.

Restorative Practice sees misconduct not necessarily as rule breaking, but as a violation against people and relationships. It focuses on modifying behaviours that undermine positive relationships. At Tecoma Primary School we use **Restorative Practices** when there has been a problem that needs resolving. It allows discussion in a way that gives everyone involved an opportunity to contribute and feel valued.

The thinking curriculum; that is getting our children to understand how they learn and to take responsibility for their learning, is a major focus of curriculum planning at Tecoma. Our staff have a day together in their level teams to plan their curriculum for the coming term.

Our assessment and reporting is linked into our teaching programs with written reports twice a year and parent teacher meetings at the start and middle of the year.

Strategic Plan:

The school undertook a school review in 2019. This led to the following school goals (as outlined in our Strategic Plan (SSP) – 2019-2023):

Goal 1 - To improve the learning growth of all students in Literacy

Key Improvement Strategies:

1. Building teacher capacity to assess and analyse data to differentiate the curriculum.
2. Implement a PLC approach to build consistent and collaborative practice.
3. Develop and document a whole school Literacy instructional model.

Goal 2 - To improve the learning growth of all students in Numeracy

Key Improvement Strategies:

1. Building teacher capacity to utilise data and a range of assessment strategies to identify and teach to student point of need.
2. Implement a PLC approach to build consistent and collaborative practice.
3. Develop and document a whole school Numeracy instructional model.

Goal 3 - To improve engagement in learning for all students

Key Improvement Strategies:

1. Build teacher capacity to understand and activate student voice and agency.
2. Build teachers' knowledge and understanding to develop student intellectual engagement and self-awareness.

We also develop an Annual Implementation Plan to operationalise the goals and key improvement strategies containing in our SSP.

Over these four years our focus will be to:

- Maintain learning growth from grades 3 to grade 5 in NAPLAN.
- Ensure consistency of practice across all classrooms, which we will address through the Professional Learning Community (PLC) initiative, putting structures in place to streamline processes and accountability.
- Ensure students have voice and agency in their learning to maximise engagement.
- Further develop a shared understanding of what is the "Tecoma way", especially with many new staff having been employed at our school over the previous review period.
- Establish teams to address the 3 goals in the 4 year strategic plan, around literacy, numeracy and engagement through student voice.
- Establish teaching teams which have 2 leaders - a unit leader and a PLC inquiry leader.
